“Breathe the light and see the air.
Look at me” the mirror said.
“Stop pulling your head underground,
Instead of having it flying on clouds”

I said: “Life is what I’m always pushing back!”
(Some would say I’m idiot)
“In calm and self-advocacy I do lack”

(Some would say I’m criminal).

But whether if I’m idiot or criminal
It’s all fucking done.
It’s all fucking

But whether if I’m idiot or criminal
It’s all fucking done.
It’s all fucking
