It's so many yamps in here
And ya boy staying posted like a still reindeer

Fucc with me hahaha get em up
And broads yes lift em up
Pick em up put them on my shoulders
Then I lick em up (like a lollipop)
I'm real nasty yes
Don't get it mixed up ya boy real classy

Verse 3 (infant saint)

Where them yampers at they aint hard to find
You don't need a knife to have me stuck in ya mind
It's too many yamps in here
We talkin real money aint no food stamps in here
So so so let me make it clear
If hip hops dead well the end is near
In the mean time yampers form a line
I'm grindin to fullest til u feel it in ya spine
And yet u will feel it all day
My yamps stay with more goods then a lunch tray
And that's why they so dang cocky
Yamps make yoself useful and do the roxy
(Do the roxy)
