Don't believe her
Don't believe her
She's a good lay
But she lies much better
Don't believe her
Don't believe her now

Do you know what you do?
What you do to me darling?
You hate it when I call you darling
Well baby I'm sorry
You'll have to forgive me
At least I remembered your name
I bet you can't do the same, yeah

Love don't you be fair when you quit on me
I promised myself I would find another
As sweet as you but I found
(Although you're not mine)
I think about you all the time
I can't escape the thought of you

And oh my god when boys b-b-become
They become trophies and cheating at sports
That's what boys are here for
Why would girl's call you a whore?
Maybe it's true when you can't take the blame
But I never meant to call you names

My friends told me to stay away from you
They all told me what you were going to do
I found

Although you're not mine
(I think about you all the time)
I can't escape the thought of you
I can't go on
It's so not fair (without you here)
I thought you cared

Don't believe her

Don't believe her
She's a good lay
But she lies much better
Don't believe her
Don't believe her now
Now
Now

Don't believe her
Don't believe her
She's a good lay
But she lies much better
Don't believe her
Don't believe her now

Don't believe her
Don't believe her
She's a good lay
But she lies much better
Don't believe her
Don't believe her now

Don't believe her
Don't believe her
Don't believe her
Don't believe her
Now...
