You're way too pretty for me
And we'd disagree
Because your modesty
Is just another thing that makes me crazy

Do you know (yeah!)
What you were missing?
Do you know (hell yeah!)
Who you are kissing tonight?
Do you know it should be me?

He'll break your heart
He'll tell you lies
And every time you cry

You will call
When the boys done you wrong
And I'll pick you up off the floor
Cause what are friends for?

I remember everything we do
Our first movie and the smell of your perfume
I can recall those drunken I love you's
I love you too

So he broke your heart
He told you lies
I'd never say I'm right
Oh God it hurts
And what I've learned
Is that you're not concerned
(Concerned)

You will call when the boys done you wrong
And I'll pick you up off the floor
If I told you the truth
Of what I got myself into
You'd just ignore me
Cause you feel nothing for me
Which turns me on more
What are friends for?

And I should scream
At the top of my lungs
(I'm done!) with you
I'm afraid I could never say no
(No!)
And I should scream
At the top of my lungs
(I'm done!) with you
I'm afraid I could never say no
Oh!

And you called
When that boy done you wrong
And I picked you up off the floor
When I told you the truth
Of what I got myself into
You told me you love me
And you always thought of me
And my heart's always been yours

Cause what are friends for?
