[Music: Wappling/Freternia]  
[Lyrics: Humpi]

Standing in this shadowland  
Not knowing where to go  
A movement in this ancient world  
A voice that whispers bright

Come with me follow my signs  
I'll show you a beautiful thing  
It will give you it's power so find it now  
And you will see almost everything

Find the mirror and the truth you'll see  
It is time - time for you to believe  
In your faith no more doubts  
The hero has arrived

Finding the way the voices they call  
My journey is long and hard  
The hidden treasure i must find  
I hear a voice that cries

Come with me follow my signs  
I'll show you a beautiful thing  
It will give you it's power so find it now  
And you will see almost everything

Find the mirror and the truth you'll see  
It is time - time for you to believe  
In your faith no more doubts  
The hero has arrived

Now I feel it's presence so real  
Before my eyes a portal appears  
A portal to a sacred place  
Where evil can't enter and fill it with hate

Entering the portal to fulfill my fate  
They guarded the mirror since dawning of time  
Up in the air an almighty shine  
It drops in my hands the mirror is mine

Come with me follow my signs  
I'll show you a beautiful thing  
It will give you it's power so find it now  
And you will see almost everything

Find the mirror and the truth you'll see  
It is time - time for you to believe  
In your faith no more doubts  
The hero has arrived

Find the mirror / Have the mirror it's finally mine  
It is time / The evil faces cannot hide  
In your faith / The long lost tales they will come true  
The hero has arrived
