Listen Once

You're so full of yourself there isn't any room for me
And it's so hard to fit in a place where there's no space
free

And you're trying so hard to impress
And you're dazzled by your own reflection
Everything is supposed to involve you - You're
convinced that I'm too self-obsessed

Listen once - maybe twice to other than your own voice
However incredibly fantastic and enchanting it might
be

Listen once - that would be nice, but you're spellbound
by your own voice

You're spellbound by your own voice ... I see

When will I ever count in your universe
And will there come a time when your needs won't
come first

And the world is your oyster, your toy - I don't know I
think you're goddamn annoying
You announce all you say as if it were gems - mankind
should be thankful for

Listen once - maybe twice to other than your own voice
However incredibly fantastic and enchanting it might
be

Listen once - that would be nice, but you're spellbound
by your own voice

You're spellbound by your own voice ... I see

You're so full of yourself there isn't any room for me
And it's so hard to breathe in a place where there's no
space free ...

Listen once - maybe twice to other than your own voice
However incredibly fantastic and enchanting it might
be

Listen once - that would be nice, but you're spellbound
by your own voice

You're spellbound by your own voice ...
Listen once - maybe twice to other than your own voice
However incredibly fantastic and enchanting it might
be
Listen once - that would be nice, but you're spellbound
by your own voice
You're spellbound by your own voice ... I see, I see
