I can see that it won't be long  
You grow cold when you keep holding on  
You know you've changed and your words they lie  
That's something you can't deny

I know you're not at home  
You're home but not alone  
If you want to leave then why don't you say  
Your love is gone anyway

I know there's something going on  
I know there's something going on  
I know it won't be long,  
Won't be long before you're gone

There's something going on  
There's something going on

I know a good thing must come to an end  
But it's hard to take losing a friend  
I know what you think and what's in your mind  
So darling don't quite pretend

I know there's something going on  
I know there's something going on  
I know it won't be long  
It won't be long before you're gone

There's something going on  
There's something going on  
There's something going on  
There's something going on

I know there's something going on  
I know there's something going on  
I know it won't be long  
It won't be long before you're gone

There's something going on  
There's something going on  
There's something going on  
There's something going on

I know there's something  
I know there's something  
I know there's something
