So in the end I cross the line
You walk your way and I walk mine
The sky is falling down from above
The birds are silent when we lose our love
I've got to turn around
I've got to walk away
I'm running out of choices
Feeling that I'll run astray
I've got to give it up
I've got to let you go
I'm gonna shape it up
But I'm falling, I'm fainting
I'm watching it's blowing away
It ain't my lucky day today
I look at you and you look at me
We're lost as far as I can see
My heart is trembling like a frozen dove
The darkest night when we lose our love
I've got to turn around

I've got to walk away
I'm running out of choices
Feeling that I'll run astray
I've got to give it up
I've got to let you go
I'm gonna shape it up
But I'm falling, I'm fainting
I'm watching it's blowing away
It ain't my lucky day today
I've got to turn around
I've got to walk away
I'm running out of choices
Feeling that I'll run astray
I've got to give it up
I've got to let you go
I'm gonna shape it up
But I'm falling, I'm fainting
I'm watching it's blowing away
It ain't my lucky day today
It ain't my lucky day today
