Throw your arms around me,  
There's no time to be blue,  
It's the end of the world,  
Let's talk deep and meaningful things,  
It's up to you and down to me... what's going on?  
It's you, me and World War Three.

You and me, me and you.  
We hurt each other 'cause we gotta get through

We're 'A' to 'B' and back again,  
A sort of funky electrocution,  
Trigger happy and shoot to kill,  
What a honeymoon in hell!  
Our world is spinning helplessly... what's goin' on?  
It's you, me and World War Three.

You and me, me and you.  
We hurt each other 'cause we gotta get through  
We hurt each other... we gotta get through  
We're out there orbiting the planet blue...

I shout you scream, it'll all so illogical  
You bite my tongue... I blow up in your face  
In hateful times... it's time for loving  
Let's start to dance... it's 'True Romance'

You me and World War Three  
You me and World War Three

Put on that dress you know your  
Throwing yourself out of the window dress,  
I'll wear my suit, my wedding ring  
And together we will sing, "La La La La La La..."

You and me, me and you  
We hurt each other, 'cause we gotta get through,  
You and me, me and you,  
We're out there orbiting the planet blue...  
..orbiting the planet blue
