When you feel the day is long
And you can see no end
When you feel that all is broken
And there is no mend
All you need to do is take my hand
To believe in me and understand

Put yourself back on your feet my friend
In the face of all defeat again
And in time I'm sure it will happen
And one day I'm sure you'll have your time

I'm gazing at the empty sky
Waiting as these days and weeks go by
Just praying for another way to find
A place inside my mind

I'm gazing at the empty sky
Waiting as these days and weeks go by
Just praying for another way to find
A place inside my mind

Whispers in your ear
Flashbacks images have been so clear
No need to worry
No more tears no more sorry's
Forget your fears
I feel you need somebody

Sailing away so far away
Sailing away so far away
Sailing away so far away

Put yourself back on your feet my friend
In the face of all defeat again
And in time I'm sure it will happen
And one day I'm sure you'll have your time

Just try, sit and think
Why are you always waiting
Seen the sun in the sky

Is it high just to run away with

Just try sit and think
Why are you always waiting
Seen the sun in the sky
Is it high just to run away with

Put yourself back on your feet my friend
In the face of all defeat again
And in time I'm sure it will happen
And one day I'm sure you'll have your time

Put yourself back on your feet my friend
In the face of all defeat again
And in time I'm sure it will happen
And one day I'm sure you'll have your time
