Your down but you don't know why
Won't go so you hold on tight
Your giving up so hard living up
To a life where you feel responsible

Chorus

I don't wanna let you go and let myself go
I don't wanna talk about a life with no home
I don't wanna let you go and let myself down
I don't wanna live a life without you around

I'll stay I won't walk away
No lie, friendship can last forever
I'll stay I won't turn and walk away
Hold on, hold on

Ohhhhhhhhhh

Maybe it's worth one more try
A chance to rectify
The healing hands of time
Can take away the pain
There's no word that hurts like goodbye
So put your pain aside
You can stop this now
Before it's too late

I won't walk away
So blind that you just can't see
How rolled up a friend can be
We're growing up no point giving up
On a life where your not responsible

Chorus

I don't wanna let you go and let myself go
I don't wanna talk about a life with no home
I don't wanna let you go and let myself down
I don't wanna live a life without you around

I'll stay I won't walk away
No lie, friendship can last forever

I'll stay I won't turn and walk away
Hold on, hold on

Ohhhhhhhhhh

Maybe it's worth one more try
A chance to rectify
The healing hands of time
Can take away the pain
There's no word that hurts like goodbye
So put your pain aside
You can stop this now
Before it's too late

There's a moment in your life
Gotta hold yourself together
When your lonely and the lights don't lead
You got a friend in me

Maybe it's worth one more try
A chance to rectify
The healing hands of time
Can take away the pain
There's no word that hurts like goodbye
So put your pain aside
You can stop this now
Before it's too late

I won't walk away
