City lights through the high rise
Show a side to my life I can't disguise
And when I think that'll never be
She's coming up with a plan to set me free
She's there for me and she cares for me
But where do I belong, where do I belong

Chorus
She takes me and saves me
She brings me back to life
I call her salvation
When I'm losing mine
She's my lifeline
She's my lifeline

If waking up is a new day
Why do I feel the same as yesterday
It always ends up the same way
Another debt that I can't afford to pay
I moved away too much to take
And where did I go wrong
Where did I go wrong

Chorus
She takes me and saves me
She brings me back to life
I call her salvation
When I'm losing mine
She's my lifeline
She's my lifeline

City lights through the high rise
Show a side to my life I can't disguise
Where did I go wrong

Chorus
She takes me and saves me
She brings me back to life
I call her salvation
When I'm losing mine
She's my lifeline

She's my lifeline
