Kenzie:

I'm just sprinting,
They can't catch me now,
Just running, stunning,
Two lovers are followin',
Life's out of control,
Take it while it comes,
But i doubt it will go for a while,
Let them all just smile with a glow,
Great proof for the live style and the flow,
(running away)
Make sure i'm looking right by the role,
Friday Hill now it's time to be shown,
Back to the day's replayed,
When we rapped on the stage,
And the track's that we made,
Now it's Kenzie second time,
Writting again,
While, there's just three,
So it must have been out in the UK fresh,
Life's gonna change for the best,
Finally put the game to rest,
(OH)
Still young we'll be miles ahead,
Why?
Running Away Lyrics on
Only you will take a mile a step,
That's why.

Chorus:

Stop running away,
From all this fame,
Stop.
Stop running away,
Stop chasing the days,
I've tried to regaze and erase from life.

James:

So wotever,
Get more than one,
Can't afford the funds I grilled my mum 'coz she

supported her son 19 years,
Plenty of tears and fears now gone,
But which way to turn?
I can feel it burn,
When i'm out there and i've got so much to learn,
When i'm out where,
You need to grow up fast 'cause they mark you,
You need to get away,
But is that the answer?
You gotta keep on, getting the beat on,
Wax, and put the street on track,
And get life on,
You know you gotta stand tall like pylons,
Express myself at the right time with the right song,
Get the right by for the people to bow,
Get the right girl to set your side,
Is it like someone just turned the light on,
And this is if someone just turned my life on.

Chorus:

Stop running away,
From all this fame,
Stop.
Stop running away,
Stop chasing the days,
I've tried to regaze and erase,

Stop running away,
From all this fame,
Stop.
Stop running away,
Stop chasing the days,
I've tried to regaze and erase in my life.

Mus:

C'mon keep running,
A race for keeping the street,
For normal life you workin' these days,
And when the hard work pays,
When it's hard you build a peer,
You need to walk away,
Like you said you would,
(running away)
For all it's dead,
Just what they say,
No matter what your taught
Time will never change,
Priming of a page,
To another time another place,
I'll go back onto the stage and we'll hide another way.

Chorus:

Stop running away,
From all this fame,
Stop.
Stop running away,
Stop chasing the days,
I've tried to regaze and erase,

Stop running away,
From all this fame,
Stop.
Stop running away,
Stop chasing the days,
I've tried to regaze and erase from my life.

Running away x3

From my life.
