I've had my eyes on you
From the back of the room
Please don't misconstrue
Every drop that you sweat's
Because it gets to you,
That the more you deny,
The more you know it's true...
I'm the only one you wanna talk to girl.

So what's new girl?
Why should I be chasing you now?
You think you've got me
Exactly where you want me

Well your sense of pride
(You're so smooth)
Is so undeserved,
(Oh so smooth)
But I've got the moves
And you've got the curves.
So the question at stake is
Will we dance and embrace it?

Shake, shake, shake it like I know you wanna
Tease me
Lead me into conversation
Stockpile all the quips I give to you,
And spend them wisely.

Party people, let me hear some noise
Last chance for a lap dance.
Party people, lift your hands up high, to the sky, till the
day you die.

You wanna know what's on my mind
You've got it working overtime
Well I will find a way to let you know
That never getting any is getting old

Cause you're looking fine
(You're so smooth)

You've probably observed
(Oh so smooth)
That I'm in the mood for feeling your curves
Now the question at stake is
How far will we take this?

Shake, shake, shake it
Like I know you wanna
Tease me
Lead me into conversation
Stockpile all the quips I give to you, and spend them
wisely.

Shake, shake, shake it like I know you wanna
Tease me
Lead me into conversation
Stockpile all the quips I give to you, and spend them
wisely.

Take a deep breath, count to ten
From hard to get, to giving in.
My head been spinning like a carousel
Baby you fake it oh so well
I saw every sign
You could read my mind
We should get a room
Shake, shake, shake your body now.

Now for the final scene...
I can taste the belief
In every breath you breathe
And the closer we get,
The more it gets to me
Just like the look in your eyes.
Admit that you can see

And feel and sense how bad you want me too girl...
So what's new girl?
Tell me that you need me too now.
Don't think you've got me
Exactly where you want me
Well maybe you do...
(You're so smooth, Oh so smooth)

Shake, shake, shake it like I know you wanna
Tease me
Lead me into conversation
Stockpile all the quips I give to you, and spend them
wisely.

Shake, shake, shake it like I know you wanna

Tease me
Lead me into conversation
Stockpile all the quips I give to you, and spend them
wisely.
