I love the way your body moves in the moonlight  
She'll dance all night with you  
I'll get your number just to prove that I'm all right  
She'll waste her time with you

She took control, she had a plan  
Now my BKE's just need a hand  
It's safe to say you're into me

Cause she's a mystery girl with impressive skills  
I'm glad to see I got your attention now  
Cause when you see us around you're like  
Whoa! Is she with him? Is he with her? He's got some  
nerve,  
I suppose

I'd say you had me at hello, but we skipped that  
You skipped a lot, but who needs to know  
We swerved so much on back roads  
The stop sign game  
and memories were made in the back seat  
Hey, remember Philhower's futon, and two hours of you  
on?  
Shh, forget the movie  
It's safe to say you're into me

Cause she's a mystery girl with impressive skills  
I'm glad to see I got your attention now  
Cause when you see us around you're like  
Whoa! Is she with him? Is he with her? He's got some  
nerve,

Cause she's a mystery girl with impressive skills  
Cause she's incendiary like Halle Berry  
When you see us around, you're like  
Whoa! Is she a steal? Is he for real? Did you seal the  
deal?  
I suppose

From the way you dance in the rain  
You could never destroy what's so beautiful

(From your purple hair, the tattoos you wear)  
I'm alive and it's clear  
I am so glad you're here

Cause she's a mystery girl with impressive skills  
I'm glad to see I got your attention now  
Cause when you see us around you're like "Whoa!"

Cause she's a mystery girl with impressive skills  
Cause she's incendiary like Halle Berry  
When you see us around you're like  
Whoa! Is she a steal? Is he for real? Did you seal the deal?  
I suppose

You could never destroy what's so beautiful  
I'm alive and it's clear
