Got a rich man's dream  
Wanna swap my taxi on a limousine  
Wanna cash it in  
Wanna give it all away  
Got a poor man's needs  
Beans in the bucket and love in the sheets  
And your sandy eyes  
Makin' it all alright  
Somethin's comin' on me  
And I don't know where I'm goin'  
I don't know where I'm goin'  
I got no place to be  
Honey keep me company  
Walk peacefully in a town somehow in New Jersey  
In my mama's arms rockin' to the radio  
Now I sing myself to sleep  
In apartment four in building D

Gotta lock the door  
Gotta hide the key  
Oh baby I'm free  
And I don't know where I'm goin'  
I don't know where I'm goin'  
I got no place to be  
Honey keep me company  
Maybe one day I'll be a famous man with an L.A. tan  
A million fans and a catamaran floatin' movie stars  
Maybe one day I'll be a bum in a gutter with a bottle in  
my hand  
And your sandy eyes  
Makin' it all alright  
Makin' it all alright  
Makin' it all alright
