Humor me  
Humor me  
Don't take what I say too seriously  
It's not that I am insincere  
I really do mean everything I say  
It's just that every time you're near  
I get carried away  
Humor me  
Humor me  
And in time I get a little silly  
Please to try not to be dismayed  
You know it's really not my fault  
Just take everything I say with a grain of salt  
You see underneath this cynical exterior

There's a child in me waitin' for the chance  
To prove that all my logic is inferior  
To romance  
Humor me  
Humor me  
Don't be frightened by the things you see  
Sure I know infatuation's all it is  
Just a stage I'm goin' through  
So don't be overcome by your defenses  
And you can even make believe you love me too  
And I'll humor you
