I remember the times, when things didn't seem to be so hard.
When we could stay up late all night,
And we would wish upon the stars to make things right.
Now things are seen to be a little different in my eyes,
I seem to want this a little more, but I'll need you by my side.

Caution! Caution! Here's our option! Don't look back.

Let's give it all we've got. Lets make our sound.
Let's scream it at the top of our lungs.
Let's do it right this time around.
And Let's make our mark and never fall apart.
Never say die unless it's meant.
I swear these things we wont regret.

I know it's tough, but try to stick it out for few more days,
Can you ever imagine, when we make this happen,
what they all will say.
Go for the gold, try to not settle for the worst.
And It's times like these, that we'll never forget,
And that will make us finish first!

Caution! Caution! Here's our option! Never look back.

Let's give it all we've got. Lets make our sound.
Let's scream it at the top of our lungs.
Let's do it right this time around.
And Let's make our mark and never fall apart.
(Never say die!) unless it's meant.
I swear these things we wont regret.

Caution! Caution! Here's our option! Never look back.

Let's give it all we've got. Lets make our sound.
Let's scream it at the top of our lungs.
Let's do it right this time around.
And Let's make our mark and never fall apart.
(Never say die!) unless it's meant.

I swear these things we wont regret.
