All day I've been wanting to see your face
I can't seem to focus on any of my work
The smile on your face when you sometimes stare at
me
Without even realizing I want to confess to you that I
like you.

I like being just a friend to you
If it means that I'll be by your side
I don't want to forget you
Cuz you're my most important friend

You're my best friend
But you can't be my boy friend
Whenever I look at you,
You always look back at me as just a friend

You're my everything
But I can't confess to you
You live inside my heart

Whenever I'm staring at you
As nothing more than just a friend
Without even realizing my heart starts to hurt

I'm afraid that my true feelings will show
So I try to hide it to myself
I'm slowly growing farther away from you

I like being just a friend to you
If it means that I'll be by your side
I don't want to forget you
Cuz you're my most important friend

You're my best friend
But you can't be my boy friend
Whenever I look at you,
You always look back at me as just a friend

You're my everything
But I can't confess to you

You live inside my heart

From now on when I'm by your side
I'll see you only as a good friend
But I'll still cherish you
As much as I like you

You're my best friend
But you can't be my boy friend
Whenever I look at you,
You always look back at me as just a friend

You're my everything
But I can't confess to you
You live inside my heart
