Helpless, I'm so helpless, helpless to you  
This space, this way, I'm done  
Helpless, I'm so helpless, helpless to you  
This space, this way, I'm done

With a rising tide  
I feel my luck this time's changing  
I could hold the sky  
If my feet weren't chains stirring

Words won't stop the blind  
From working off a stone  
That fix won't keep the fool  
From coming back for more

The sea won't stop returning  
At your precious core  
As it overpowers  
Pulls you to the ocean floor

Helpless, I'm so helpless, helpless to you  
This space, this way, I'm done  
Helpless, I'm so helpless, helpless to you  
This space, this way, I'm done

I'm reaching for the sun  
Cold water fills my lungs slowly  
I dream I changed your mind  
Clutching deep inside of you

Words won't stop the blind  
From working off a stone  
That fix won't keep the fool  
From coming back for more

The sea won't stop the returning  
At your precious core  
As it overpowers  
Pulls you to the ocean floor

Helpless, I'm so helpless, helpless to you  
This space, this way, I'm done

Helpless, I'm so helpless to you  
This space, this way, I'm done

Helpless, I'm so helpless, helpless to you  
This space, this way, I'm done  
Helpless, I'm so helpless, helpless to you  
This space, this way, I'm done

Helpless, helpless, helpless, helpless  
Helpless to you  
Helpless, helpless, helpless, helpless  
Helpless to you

Helpless, helpless, helpless, helpless  
Helpless to you  
Helpless, helpless, helpless, helpless  
Helpless to you
