Kiss of life

Rub that line out of the sand
I can feel it closer
Closer than you'll ever be

Rub that line out of the sand
I know you think it's over
Staring out into the sea

Don't let it go
This could be so perfect
Don't let it go
If we hold onto it

Rub that line out of the sand
Right before the tide comes
And washes you away from me

Ooh, kiss of life
Ooh, kiss of life

Could you wave goodbye to sun
The sea, the stars, the waves, the tide?
The wails inside, your light has died
But all you need is a kiss of life

Rub that line out of the sky
I can feel the night crawl
A broken drum and tambourine

Rub that line out of the sky
I can see the clouds form
Taking shape in front of me

Don't let it go
This could be so easy
Don't let it go
If we hold onto me

Rub that line out of the sky
Right before the sun falls

Kiss of life

Ooh, kiss of life

Ooh, kiss of life

Kiss of life

Could you wave goodbye to sun
The sea, the stars, the waves, the tide?
The wails inside, your light has died
But all you need is a kiss of life

Could you wave goodbye to sun
The sea, the stars, the waves, the tide?
The wails inside, your light has died
But all you need is a kiss of life

Ooh, kiss of life

Ooh, kiss of life

Ooh, kiss of life

Ooh, kiss of life

A thousand butterflies, from your lips to mine
A thousand butterflies, from your lips to mine
A thousand butterflies, from your lips to mine
A thousand butterflies, from your lips to mine

Kiss of life

Kiss of life

Kiss of life
