Sunset's dying
I can't wait to see the life you lead
Cold in darkness
I dream of what you see when you show it to me

Show me lights
Show me how you built this city that you roam
Show me lights
Show me how you make it glow, glow

Show me lights
Show me how you built this city that you roam
Show me lights
Show me how you make it glow, glow

Take me back
Take me back in the darkness
Take me back, take me back
Take me back in the darkness

Late night driving
With every word you say
You part the crowds in waves

Cold horizon
With every move you make
Your hands shows me the way

I wanna feel your world
And see the things that make you live
I wanna feel your rush
And taste the best you give tonight

Gotta make the most of this
Before they cut the lights
Show me lights, don't throw it away

Show me lights
Show me how you built this city that you roam
Show me lights
Show me how you make it glow, glow

Show me lights
Show me how you built this city that you roam
Show me lights
Show me how you make it glow, glow

Take me back
Take me back in the darkness
Take me back
Take me back in the darkness

Take me back, take me back
Take me back in the darkness
Take me back, take me back
Take me back in the darkness

I wanna feel your world
And see the things that make you live
I wanna feel your rush
And taste the best you give tonight

Gotta make the most of this
Before they cut the lights
Show me lights, don't throw it away

Show me lights
Show me how you built this city that you roam
Show me how you make it glow, glow
Show me how you built this city that you roam
Show me how you make it glow, glow

Show me lights, show me lights
Show me lights, show me lights

Show me lights
(Take me back, take me back, take me back in the
darkness)
Show me lights
(Take me back, take me back, take me back in the
darkness)

Show me lights
(Take me back, take me back, take me back in the
darkness)
Show me lights
(Take me back, take me back, take me back in the
darkness)

Take me back, take me back
Take me back in the darkness
Take me back, take me back
Take me back in the darkness

Take me back, take me back
Take me back in the darkness
Take me back, take me back
Take me back in the darkness
