So open up your eyes
C'mon

How can it be so fucking
Hard to see, its infront
Your eyes the tourted souls
That burns and screams

Defeated as the fall
But its burning into my head

Mister President, is this scheaming
All you have?
Taking lives while your guys lives
In there paradise
Make it fast make it make it real good
This time where gonna knock you out

Who payes the price?

Dreaming of the day
When everythings so sure
Screaming all I can because
I cannot go on like, this

Shivers down my spine
When I hear the children scream
The truths behind a lie
And theres nothing more to see
When the tears turns red
Theres no more will to live
Sending out your young hearts
To kill them on youre call
Kill them on your call

No raise your fist
Time to fight
Dont look upon
Theres a mother fucking war going
On
