Love bites, burns like a sunrise
That's why I'd just as soon as lie down and leave the
World behind
Heaven is a headful of lotus leaves and voodoo
God is a dj the feng shui craze is cool
Disco inferno
Too much will 2k
Pop an alka seltzer
And I'll be ok
But what the fuck will you do with these skinny white
Lies
Go topless for smash hits
Or wind up on a chatline-phonesex-soul-mate-style
Heaven is a weekend of skin-flick tricks and
Ball-games
Asses for angels, home-made flavour fame
Walking on water?
Rizia's and flares!
Look for a starbucks sign
And you will find me there
