Kid out at night, splashing in puddles.  
Jason walks towards a house.

Alice is having a nightmare,  
Flashbacks of that fateful night  
Awaken from slumber then talk to mother  
In and out of the shower

Open the fridge, Mrs. Voorhees head  
Jason comes from behind and "screws" her.

The counsellors come to town  
Crazy Ralph warns them

He says "they're all doomed"  
But they don't give a shit  
They'll all soon know what "camp blood" is!

It's training time for these fucks  
Paul is the boss

He tells them about the legend  
And scares them half to death  
If they only knew  
How real the legend is

Crazy Ralph is outside  
He's watching Paul and Ginny  
Jason from behind  
Strangles him with barbwire

Sandra and Jeff  
Are curious about the legend

They go to Crystal Lake  
And the Sheriff catches them  
He bitches Paul out  
And heads back to town

Jason runs across the road  
The Sheriff goes after him

All through the woods  
To Jason's shack  
Clawhammer to the skull  
He's dead with a whack

The counsellors go to town  
Some stay behind  
Terri gets naked and goes into the lake

Scott takes Terri's clothes  
And runs into the woods  
Booby trap set and he's hung into the woods

Jason comes along  
And cuts his fucking throat  
Terri finds Scott  
And Jason kills her too

Vicky and Mark  
Are gonna have sex  
Vicky goes to her cabin  
To freshen up her shit

[Digester chorus part]  
"I'm back from the lake  
To kill and mutilate  
I use various tools  
For disposing these fools

In my rusty shack  
They beheaded my Mother  
Now I must attack

One by one they die  
They never know why  
Machete across the throat  
Barbwire I use to choke

Mom's severed head  
Shrine to the dead  
Telling me to chop  
I will never stop!"

Jeff and Sandra  
Up stairs to have sex  
Jason comes in and  
Impales them to the bed

Perfume on her pussy  
Mark looks for Vicky  
Dull side of a machete

Into his fucking face

Wheeling down the stairs  
Mark you fucking gimp!  
You almost got some action  
But now you're fucking dead!

Upstairs Vicky  
Finds the bodies  
Jason takes a knife  
And stabs her in the gut

[Digester chorus part]

[Lead: Maniac Neil]

Paul and Ginny arrive  
Back at the camp  
They look for everybody  
But they're all dead

Out of the shadows  
Jason's on the attack  
Ginny escapes and  
Finds Jason's shack

In a room Mrs. Voorhees' head  
Put on the sweater  
And pretend you're Mother

She tries to kill him  
But he knows what's up  
Here comes Paul  
They struggle and fight

Machete in his neck  
Jason falls onto the floor  
Comes off the burlap sack  
They look in total horror

They think he's dead and gone  
They couldn't be more wrong  
Back to the cabin  
To find Terri's dog Muffin

Is everything OK?  
Can we all go home?  
No fucking way  
Here comes Jason through the window!

Ending with a scream

Was it all a dream?  
Calling out for Paul  
Is he dead after all?
