"Children Run Away"

Visit "[Children Run Away](#)" on MotoLyrics.com

Children in the schoolyard hard at play
Man behind the trees with his candy on the way
Run away
Run away from the man with candy
Run away
Children with the candy in his van
Drive to a secluded location -- down with the pants
Children run away with the man with the candy
Today
Back at the schoolyard, he's hard at play
Joining in with all the children's games
Children run away from the man with the candy
Children run away
The principal has a few words for the man
"Better get out of here and take your van!"
And now he's gone
As he rides past your lawn
Children run away
The man with the candy has come to play
With you today
