So you ask me
if I'm waiting for a break
or you ask me
if I'm waiting for the pain to end
or you ask me
if I'm waiting for my take
I said no
Cause I'm waiting for a friend
cause I'm waiting for a friend

(chorus)
Waiting for a friend to call my own
who won't let me be alone
waiting for a friend to tell me I'm okay
waiting for a friend to hold me hand
if I start to fall again

waiting for a friend to tell me I'm okay
yeah I'm okay
So you ask me
if I'm worried that they're late
or you ask me
if I'm worried that the pain won't end
or you ask me
if I'm worried for my fate
I said no
Cause I'm waiting for a friend
cause I'm waiting for a friend
(repeat chorus twice)
Im okay, I'm okay, I'm okay, I'm okay
