I've done drugs that would blow your mind tonight  
Real fine tonight  
Blow your mind tonight  
Outta my mind tonight, tonight  
Going outta my mind tonight  
Outta my mind tonight  
Blow your blind tonight

(I've got a suitcase full of drugs)  
(I can turn you on)  
Would you like to come along?  
I'd like to come along  
I've got drugs  
(Cum!)  
Where you going, man?  
I've got drugs  
Can I come wherever it is, man?  
I've got drugs  
I've got blues  
I'll do your dope, I'll be your dope man

(Much as I can, \_\_\_\_\_ people)  
Outta the mist there's a pimp  
Outta the mist there's a hooker  
(priest)  
Outta the mist there's a priest  
(with \_\_\_\_ in his hand)  
Outta the mist  
(I kissed you)

Outta the mist how could I miss you with your drugs?  
Outta the mist how could I miss you with your druggy  
ways?  
(your drugs)  
Outta the mist  
(I missed you)  
Outta the mist  
Outta the mist I kissed your lovely drug-filled lips

You sleazy prostitute  
Where's your pimp friend?  
Where's your pimp friend and your priest?

As he stood there and lectured me on how I should live  
abouts  
(on his yeast infection)  
Fucking priest with a yeast infection  
A drug problem that never existed  
Outta the mist I kissed your drug-filled lips
