"Smile"

Mine, all is mine, I want it all, bomb the steps I
Climbed to you
You wanted more
After what you did to me I'm really not too sure
I'm just so glad to be away from you and everything's a
Blur and I just
Smile, smile, smile, smile
When you were young your pony danced upon your
face
So you hit the bottle at the very early age of eight
Now everyone says you're beautiful but that's there in
The dark
'Cause when the lights come on the dog's about you
bark
And I just
Smile, smile, smile, smile
After what you did to me I'm really not too sure
I'm just so glad to be away from you and everything's a
Blur and I just
Smile, smile, smile, smile
