Kiss these sour lips  
paint a smile on my face  
translate all of these words, and thoughts to actions  
BREATHE  
LIFE  
breathe life into my mouth  
never leave me  
NEVER LEAVE  
never leave me  
kissing your sweet lips was all i needed to live  
reach in deep, grab my heart, never let go  
my reflection has shown me, how you have changed  
my soul  
TAKE MY HAND  
i will always feel your touch  
TAKE MY HAND  
WAIT...

please hold me close  
I WILL NOT SURVIVE  
i wont survive...  
KILL ALL YOUR HOPES  
LEAVE ME TO REMAIN  
cant you see in these eyes  
how much YOU mean to me  
STAY FOREVER WITH ME  
stay forever  
with me...
