([Incomprehensible])

These are the keys, these are the keys  
To a pulse that I've been monitoring  
She loves to dream, she loves to dream  
But dreamers chase and never obtain

(Victory)

A victory, a victory  
A vicious hand on a violent streak  
Learn to run, learn to run  
I'll never be right for anyone

The more it gets suggested  
The more I'm uninterested  
Strength for now, nothing later

Love it or leave it, hated and left it  
I'm trying to outgrow that phase

Drifting further away from  
My element, my element, my element

([Incomprehensible])

These are the keys, these are the keys  
To open minds and to empathy  
She loves to dream, she loves to dream  
It's better than her reality

(Victory)

A victory, a victory  
I'm not as old as I used to be  
I will not run, today's the day  
The wheels are back on the motor arcade

The more it gets suggested  
The more I'm uninterested  
Strength for now, nothing later

Love it or leave it, hated and left it  
I'm trying to outgrow that phase

All of my ammunition  
Is for the wrong weapon

I've got the worst intention  
No question, no question

Just keep it inoffensive  
General admission  
Right when you feel protected  
I'll make you regret it

Love it or leave it, hated and left it  
I'm trying to outgrow that phase  
Love it or leave it, hated and left it  
I'm trying to outgrow that phase

Just let me, just let me  
Just let me out of this  
Just let me, just let me  
Just let me out of this
