If all beauty see an itch  
I need to provide this number at the gate  
Steady pilot cause I'm half afraid  
I can't believe you're asking me to lie cause I don't  
believe in fate  
Would you be depressed if I did not win  
But only as a guest  
Such an unfaithful bride  
Draped and dressed  
Friend of mine  
Sing it loud  
Drunk off the feeling  
When you're feeling much more out then  
Love finds true eyes  
Deisgner demon  
Who breathed specific  
And fight our demons

Would you be depressed if I did not win  
But only as a guest  
Such an unfaithful bride  
Draped and dressed  
Friend of mine

So arch your back  
And flip your hair  
Make eye contact  
You know I care  
So arch your back  
And flip your hair  
Make eye contact  
You know I care

You know I care  
But only as a guest  
Such an unfaithful bride  
Draped and dressed  
Friend of mine
