Might need to provide this number at the gate

Steady pilot 'cause I'm half afraid

I can't believe you'd ask me that

'Cause I don't believe in fate

Would you be depressed if I attend that wedding?

But only as a guest

Such an unfaithful bride draped in dress

[Incomprehensible] of mine

So sing it loud, drown out the feeling

When you're feeling much more odd than

Half as true as dishonored seamen

We'll breathe Pacific and fight our demons

Would you be depressed if I attend that wedding?

But only as a guest

Such an unfaithful bride draped in dress

[Incomprehensible] of mine

So arch your back and flip your hair

Make eye contact so you know I care

So arch your back and flip your hair

Make eye contact, you know I care, you know I care

But only as a guest

Such an unfaithful bride

Draped in dress

[Incomprehensible] of mine
