Watch out again

It's not a far commute to access
The company of brighter pigments
Administer abuse, detach then
Release a pixilated statement

Recessive paper weights in training
School children infiltrate the brain stem
Sexual organs start exchanging
Feels like I'm in a Darger painting

Henry must have been lonely

Van City's got a wide array of suspects
Not afraid to do whatever you suggest
Seems to be no shortage of the excess
So let's dive in, let's dive in

Van City's got a wide array of suspects
Not afraid to do whatever you suggest
Seems to be no shortage of the excess

A contraceptive verse, deceiving
So no one figures out what I mean
I'll harvest my tongue, negating
Lyrical parasites in waiting

Zip driven amputee, frustrated
Can't seem to get a clear connection
You may have hit eject, impatient
Feels like this room is going to cave in

And it could happen this instant

Van City's got a wide array of suspects
Not afraid to do whatever you suggest
Seems to be no shortage of the excess
So let's dive in, let's dive in

Van City's got a wide array of suspects
Not afraid to do whatever you suggest

Seems to be no shortage of the excess

Submerged in an amber grave
That's not how you'll calculate your worth
Don't consider it a waste
Cannot keep you from moving reverse

Don't question me about the content
Not in the mood for explanation
So figure this out for yourself

Van City's got a wide array of suspects
Not afraid to do whatever you suggest
Seems to be no shortage of the excess
So let's dive in, let's dive in

Van City's got a wide array of suspects
Not afraid to do whatever you suggest
Seems to be no shortage of the excess

Van City's got a wide array of suspects
Not afraid to do whatever you suggest
Seems to be no shortage of the excess
So let's dive in, let's dive in

Van City's got a wide array of suspects
Not afraid to do whatever you suggest
Seems to be no shortage of the excess
