Pussyfoot!!!

Sheep-ridden countries,  
they pretend that it's so free,  
Falling, they're bleeding,  
But never really question why they die!

Swim in the lake of death eaten by crocodiles, so...  
No-One saw, No-One cares!

Can you see beyond this?  
Or does everything swamp your mind?

I don't like the way, tradition makes people behave  
Like a robot saying: "All be happy",  
My point exactly!

You see,  
You're all the same, dirty fuckers gone insane!  
Hope there's an earthquake and it swallows all evil!

Open,  
Your mind!  
Maybe,  
You'll find life.  
One day,  
You may see.  
Listen, these words may well,  
Teach you,  
To appreciate,  
Yourself,  
And not to follow.  
Live before dying,  
But don't - be - a - lone!

This is your life you're living now!  
Don't let the fuckers make you frown!  
Look in their eyes, there's nothing true.  
It's up to you, what you gonna' do!?  
This is your life, do not ignore,  
Look deeper with-in, is there something more?

Think what to do before you act,  
Bleed on the floor til' you..

Just try...  
To think your...  
Own thoughts...

Sheep-ridden countries,  
They pretend it's so free,  
Falling, they're bleeding,  
But never really question why they die!

So when you fall people watch you as you start to  
bleed.  
No pay-per-view, this shows free!

You must ask yourself,  
Why am I here and what for!?

And when you die,  
People they will always cry.  
Only one thing is that you must be yourself while you're  
living.

Live!  
Life!  
Live!  
Life!  
NOW!

To be,  
Like all the same.  
Dammit', there's no use,  
For you to have name.  
Sheep 1 & Sheep 2,  
The two of you,  
You really need to speak,  
I'll listen to you, before you bleed.  
To be true,  
Bleed...

Live! Life! (x9)

Life! Live! (X3)

Live! Life!  
Life! Live!  
Live! Life!

Stand up, on your two feet,  
Nobody's piece of meat!

Don't listen to the fashion fuckers on TV!

So now you spit,  
Back in the face,  
Of the things that control & dissolve your mind.

Why can't,  
You shout out, why can't you be yourself,  
Fuck what others think?  
To be proud, to be you, must be YOU!  
Don't need to follow.

Too lazy too look with-in yourself.  
Is there something you don't want to know?  
Or don't want to  
see?

Why not let your mind grow,  
Why exclude the unknown?  
Maybe you also  
could see.
