I ... felt... you... SLIP AWAY-
Far away from me
Further from me
You seem to drift
Caught myself wishing you back, as I fight to catch you
Anger
Wells inside me
I see me, frowning, in your eyes (your eyes)
I see, the fear in you,(I see fear in you...) where none
should ever be, I'm here for you as I
Try(where none should...)
To guide through,
I see my reflection and the pain across me as I find
myself striving to catch you from
This will hurt me less and less every time until i feel
nothing
Anger wells inside me
I see me, frowning in your eyes
Slip away
Far away from me
Further from me
You seem to drift far away
Caught myself wishing you back as I strive for you
Let's go:
She said, "it's not that I don't love you anymore,
But it would be so much more accurate to say I NEVER
loved you in the first
Place,"
Never in the first place
I put the fear in you where none should ever be
Nothing to me
Everything to you
Nothing to me
Everything to you.
Nothing to me
Everything to you
Nothing to me
Everything to you
(Spoken):
[I can't take it anymore, when I'm with you I feel like I'm
nothing, I feel
Like I'm nothing, and that's why i don't like it when you

touch me, that's why
I never touch you , why I don't even think about it,
cause when I start to it just
Reminds me that I'm not good enough]
You're nothing to me
You're nothing to me
You're nothing to me
You're nothing to me
