Yeah, I've seen your second face!
What is your moral for today, is it still lies & trickery?
I don't - understand why,
This man has a thousand faces.
How can I put my trust in his presentation?
What is your little scheme today?
It was cool before you came.

Always,
Always lying!
Lie to my face again!

All that you've ever wanted,
Was to see (to see),
How much you could take from me.
One day you may see,
The half man, which you aspire to be!
With your selfish lies, and your selfish greed,
You fuckin' lied to me...

The scent of the obscene...

Draw trust from whoever fell,
For this display of deceit...
Deceived...
Makes you, smile again.
Look into your soul again!
Look at, look with-in your soul.

All I see in you is,
How you need (you need),
To think about the ones you deceive.
Why can't you see!?
The hurt you cause,
Or can you now see?
The untruth, which makes no sense,
To me.

Now,
I see
no morals, untrue.
Now that I've seen through you,

Something of no morals,
Untrue.
Now that I've seen through you,
Something of no morals,
Untrue
Untrue
