On your honor, on your honor
Let me explain my behavior
On your honor, on your honor
I swear, I was trying to save her

Who's the liar, who's the killer?
She knows I was doing a favor
When I fell upon her
By way of a merciful murder

With every warning you wonder
Don't have to tell the truth
Just keep remaining mute

And I'll still think for my owner
Yes, I know what I've done
And what I'm gonna do

Don't have to tell the truth
Just keep remaining mute
Yes, I know what I've done
And what I'm gonna do

No weakness, no weakness
Don't buckle under the pressure

A servant, a serf
A saint for all those who suffer

We're caught in a current of confusion
But what's been suggested
And what has been proved?

With every warning you wonder
Don't have to tell the truth
Just keep remaining mute

And I'll still think for my owner
Yes, I know what I've done
And what I'm gonna do

I am, I am only what you made me now

I am a reflection of your wealth
And if you think, you think you hate me now
You only hate yourself

With every warning you wonder
Don't have to tell the truth
Just keep remaining mute

And I'll still think for my owner
Yes, I know what I've done
And what I'm gonna do
