Extraction, no one moves
Aggravation is the current mood
Closed accounts, prosecute
Dressed in these outdated suits

Transmission incorrect
Is there anyone that's competent?
Dismissal but I can't vacate
Forcing my seeds to germinate

Like history in the making
Like history in the making
Can we please blur the edges
Of this past memory?

Like history in the making
Like history in the making
Can we please blur the edges
Of this past memory?

This will make for a great story
That we will never repeat
Nod your head, tap your feet

Because that's the only review I need

Like history in the making
Like history in the making
Can we please blur the edges
Of this past memory?

Like history in the making
Like history in the making
Can we please blur the edges
Of this past memory?

These capillaries ball into a fist
I tuck it safely away inside my pocket
How can I be more obvious
Blazers are worthless when you can't produce a hit

To be the biggest disappointment
To be the biggest disappointment
To be the biggest disappointment
To be the biggest disappointment

Extraction, no one moves
Aggravation is the current mood
