It's amazing what you'll find when you just open your  
eyes  
Sometimes love can leave you blind  
But still you try to cover all the lies and ignore all the  
signs  
Sometimes love can leave you blind

What i thought was a certainty has left me spinning in  
circles again

Comparing to the last time that we had spoke it seems  
to  
Me that you're not happy like you used to be  
To you i'm like a flavor that wouldn't last you took one  
bite  
Than spat me out real fast  
And now this mark remains and will never ever go away
