It's amazing what you'll find when you just open your
eyes

Sometimes love can leave you blind

But still you try to cover all the lies and ignore all the
signs

Sometimes love can leave you blind

What i thought was a certainty has left me spinning in
circles again

Comparing to the last time that we had spoke it seems
to

Me that you're not happy like you used to be

To you i'm like a flavor that wouldn't last you took one
bite

Than spat me out real fast

And now this mark remains and will never ever go away
