This place is a bloodbath
And won't be taken alive
We stand alone
Under fictitious skies

You were always my enemy
And carefully crafted my demise
You were always my enemy
And carefully crafted my demise

Our hearts beat strong
Under fictitious skies
You were always my enemy
You suck the life out of me

Your words are deadly weapons
Killing me, destroying me
Your words are deadly weapons
Scatter my brains across the wall

You were my compass
Leading me to nowhere fast
Promises were lonely roads
I followed you down like a map

You were always my enemy
And carefully crafted my demise
You were always my enemy
And carefully crafted my demise
Our hearts beat strong
under fictitious skies
You were always my enemy
You suck the life out of me

Your words are deadly weapons
Killing me, destroying me
Your words are deadly weapons
Scatter my brains across the wall

Fuck you
Secrets don't make friends
Secrets don't make friends

Secrets don't make friends
Secrets don't make

Your words are deadly weapons
Killing me, destroying me

Your words are deadly weapons
Killing me, destroying me
Your words are deadly weapons
Scatter my brains across the wall

Your words are deadly weapons
Killing me, destroying me
Your words are deadly weapons
Scatter my brains across the wall

Secrets don't make friends
Secrets don't make friends
