How does it feel to be ashamed of who you love?  
Oh I know...  
You wore me out so proudly  
Hidden in the glitter is the real thing  
Real...

Always knew  
What you were  
Always knew

You walk on water  
You sing a lovely tune

You walk on water  
You sing a lovely tune

You walk on water  
You sing a lovely tune

You walk on water  
you sing... sing

Always knew  
What you were  
Always knew

The crows are coming for us  
Let them live, let them live

The crows are coming for us  
Let them live, let them live

The crows are coming for us  
Let them live, let them live

The crows are coming for us

Let them live, let them live

The crows are coming for us  
Let them live, let them live

The crows are coming for us  
Let them live, let them live

The crows are hungry for us  
Let them live, let them live

The crows are hungry for us  
Let them live, let them live

The crows are hungry for us  
Let them live, let them live

The crows are hungry for us  
Let them live, let them live

Always knew  
What you were  
Always knew  
What you were

(The crows are coming for us)  
Always knew  
(The crows are hungry for us)  
What you were  
(The crows are coming for us)
