Fuck love, I'm gonna keep my day job
Celebrate the life that I've already got
With a bottle of something that'll make this day less
relevant
Fuck life, I'm gonna put up a fight
From what I hear the trend is that we're all gonna die
So if I'm gonna fuck it up then I might as well fuck it up
right
Everybody knows how tomorrow's such a letdown
We wake up wondering
Just to do it all over again
But no one wants to admit
That they actually kinda like it
When they end up with another reason not to give up
just yet
You can't go to hell if it isn't real
But if it is I'm sure I'll see you there
We can talk about how surprised we are it even exists
You said you have to go I don't, don't really know
Why you tend to give up
There's so much more, if only you'd look
