A breathe of fresh air
Fuels the flame
It's all going up anyway
Everything's gotta burn
To get back
To it's purest state
And all the best(And all the best)
Has yet to be laid to waste

I'm just waiting for the future
To swallow me whole(x2)

I'm just waiting...
I'm just waiting for the future
To swallow me whole

I'll show you all the things
That you can't see
With your eyes wide open
Are you looking for love?
Are you looking for a substance?
Everything's gotta burn
To get back to it's purest state
And all the best(and all the best)
Has yet to be laid to waste

I'm just waiting for the future
To swallow me whole(x2)

I'm just waiting...
I'm just waiting for the future
To swallow me whole

I'm just waiting for the future
To swallow me whole(x2)

I'm just waiting...
I'm just waiting for the future
To swallow me whole
