We pave the roads we take
We bend before we break
Across the world with you
Across the world with you

The love you never found
Was right here all along
Waiting here for you
Waiting here for you

When words mean nothing I'll be here singing
On and on and on and on
Worlds away I'll still be singing
On and on and on and on

I know you feel like you've come too far
But you can always trace your steps back to the start
Tearing down what you had tried to build
Sometimes earthquakes have a chance to kill

When words mean nothing I'll be here singing
On and on and on and on
Worlds away I'll still be singing
On and on and on and on

When words mean nothing I'll be here singing
On and on and on and on
Worlds away I'll still be singing
On and on and on and on

When words mean nothing I'll be here singing
On and on and on and on
Worlds away I'll still be singing
On and on and on and on
