Sitting alone again,  
Where I've been.  
I know I can't stand alone,  
Without you here.

Every time I feel estranged,  
Every time I feel you;  
Alone here waiting.

I dug myself this hole I'm in.  
I tried myself,  
Way too long.

And I just want to be alone,  
And I just want to feel you there,  
And I know that I can't believe,  
Everything I hear.  
Please understand what,  
I've been meaning this time.  
I walk alone,  
I called your name.

Called your name!

I hide it by myself,  
I hide it everywhere.  
Sitting alone again,  
And then they see.  
They see a man that has  
Only lost himself.

Sitting alone right there,  
And then he calls for help.

And I know.  
That I am broken hearted,  
For you.

And I just want to be alone,  
And I just want to feel you there,  
And I know that I can't believe  
Everything I hear.

Please understand what,  
I've been meaning this time.  
I walked alone  
I called your name.  
Called your name,  
I called your name,  
I called your name.

And then I found,  
My words only go so far.  
I know that I'll be stronger now.

I'll turn and walk away.  
I'm never looking back.  
For once in my life,  
I'll live for myself.
