I've been wonderin if it's time
To say what's on my mind
'Cause I'm in the dark
What was in your heart?

(What's in your heart)
I don't even know your name
But the thought of you remains
Suddenly my pulse is jumping
Do you feel the same?

Talk it over with my friends
And I guess it all depends
How you really feel, but can you comprehend?
You could be just round the corner now
Hoping this love is yet to be found

It's not too late to call my name
So don't you look the other way
Open your eyes and you'll see
My heart won't wait, don't hesitate
We got a chance we've gotta take
It feels like you could be
Forever part of me

Can be right under my skin (right under my skin)
I don't know where to begin
Would I act a fool?
Should I play it cool?
Or jump right in?

How am I supposed to know
Whether I should come or go?
Think it's time we let our feelings show
We might let the moment just pass us by
In the gentle little blink of an eye

It's not too late to call my name
So don't you look the other way
Open your eyes and you'll see
My heart won't wait, don't hesitate

We got a chance we've gotta take
It feels like you could be
Forever part of me
