All the girls can be shakin' in the bounce tonight  
Gonna do it like we do when the bounce is right  
If it's cool we can rock until the morning light  
Can you feel the vibe?  
Tell me can you feel the love?  
And these fellas will be checkin' out the ladies right  
And if they're in the mood then it's on tonight  
All we wanna do is rock until the bounce is right  
Make 'em feel the love vibe  
Tell me can you feel the love?

Alexa:  
Hey there sweet thing  
I'm feelin' an attraction  
Are you lookin' for distraction?  
Well you found it here in me

Kelly:  
Tall, short, dark, blonde  
Who's the right decision?  
Boy I need a vision if you wanna dance with me

Eddie:  
Did that girl just look my way?

Justin:  
Look like she just wants to play,  
So go over.

Eddie:  
No I'll stay  
'Cause I don't know just what to say

Kya:  
Won't you tell me where you're from?

Kelly:  
Don't I know you from back home

Brandon:  
Girl we need to be alone

Justin:

'Cause tomorrow you'll be gone

All the girls can be shakin' in the bounce tonight  
Gonna do it like we do when the bounce is right  
If it's cool we can rock until the morning light (Can you  
feel the vibe?)

Can you feel the vibe? (Can you feel the vibe?)

Tell me can you feel the love?

And these fellas will be checkin' out the ladies right

And if they're in the mood then it's on tonight

All we wanna do is rock until the bounce is right

Make 'em feel the love vibe

Tell me can you feel the love?

Kya:

Look at you boy

You really got me flyin'

And you aint even tryin'

That's why I wanna be with you

Brandon:

There's no doubt

You're the hottest thing around here

Come on and say you'll stay here

We can party till the day is gone

Justin:

I've been watching you awhile

And I really like your smile

Kelly:

I can see you got a line

But I know for right now

That we could be just fine.

Justin:

Should we really play this game?

Can you tell me what's your name?

Kelly:

Does it matter all the same?

You can see in my eyes that we'll meet up again

All the girls can be shakin' in the bounce tonight  
Gonna do it like we do when the bounce is right  
If it's cool we can rock until the morning light  
Can you feel the vibe?

Tell me can you feel the love?

And these fellas will be checkin' out the ladies right

And if they're in the mood then it's on tonight  
All we wanna do is rock until the bounce is right (feel  
the vibe)  
Make 'em feel the love vibe  
Tell me can you feel the love?

Kelly:  
All my girls

All the girls can be shakin' in the bounce tonight  
Gonna do it like we do when the bounce is right  
If it's cool we can rock until the morning light  
Can you feel the vibe?  
Tell me can you feel the love?  
And these fellas will be checkin' out the ladies right  
And if they're in the mood then it's on tonight  
All we wanna do is rock until the bounce is right  
Make 'em feel the love vibe (oh oh oh yeah)  
Tell me can you feel the love?

Ohhh yeah...

All the girls can be shakin' in the bounce tonight  
Gonna do it like we do when the bounce is right  
If it's cool we can rock until the morning light  
Can you feel the vibe?  
Tell me can you feel the love?  
And these fellas will be (can you feel the vibe?)  
checkin' out the ladies right  
And if they're in the mood (can you feel the vibe?) then  
it's on tonight  
All we wanna do is rock (can you feel the vibe?) until  
the bounce is right  
Make 'em feel the love vibe  
Tell me can you feel the love?

And the fellas checkin' everybody out tonight  
And the beach where they all dance - out of sight  
She looks like she won't, but I think she might  
She gotta feel the love vibe
