I'm gonna wish upon a star

The boys are bad, The boys are good
They would all love me if only they could
It's only playin', It's only pretend
'Cause I can see through all these men now

Who am I supposed to be?
A girl who stays at home alone?
No, baby needs a fantasy
Someone who'll never let me go

Could I be forgiven
For how I want my life to be?

I'm gonna wish upon a star
I wanna go a bit too far
Need a little love to get me by
Let's start with you and I

I'm gonna wish upon a star
Don't you think I'm goin' too far?
Need a little trouble to get me by
Let's start with you and I

Da dum, da dum
Da dum, da dum
Da, Da, Da, Da

If you like what you're seeing
You can believe I'm
Gonna have it my way
So you better watch out
And you should have no doubt
I don't care what people say

I'm gonna wish upon a star
Need a little love to get me by

I'm gonna wish upon a star
I wanna go a bit too far
Need a little love to get me by

Let's start with you and I

I'm gonna wish upon a star
Do you think I'm goin' too far
Need a little trouble to get me by
Let's start with you and I

I'm gonna wish upon a star
I wanna go a bit too far
Need a little love to get me by
Let's start with you and I

I'm gonna wish upon a star
Don't you think I'm goin' too far
Need a little trouble to get me by
Let's start with you and I
(You and I)
